Tel: Section 40

Sheffield Section 40  
South Yorkshire

Dear Sir,

I am writing as a student at Sheffield University and area representative of the Independent UFO Network, which investigates alleged sightings of "UFOs" in the north of England.

My reason for contacting you is to ask if your Ministry is aware of the numerous sightings of an unidentified delta-volent shaped flying object, carrying a barrage of brilliant lights, over the towns of Derby and Uttoxeter on the nights of Sunday, August 16th and Monday, August 17th, 1987 respectively. I have personally interviewed six witnesses who obtained very good views of this object, including a couple who came within 100 feet of it when returning home to Derby on the night of August 16th.

I would like to ask if you can provide any suggestions or explanations as to what was observed on the above nights, and whether there was any military/RAF/NATO exercise or helicopter manoeuvres taking place in the above areas at the stated times. I realise this information may be confidential, but I must stress that I have no wish to know what may have been going on that night, only if there were military aircraft in the area at the time that the Ministry was aware of.

I would also like to ask if the Ministry has received any other reports relating to Unidentified Aerial Phenomena reported during the month of August 1987, and if so whether details could be provided.

I am preparing a detailed dossier containing the relevant details of the cases I have investigated above (including a sighting in Barnsley in which the witness obtained photographs of an unknown flying object which are at the moment being analysed by computer in the USA), and will provide a copy for your Ministry if you feel these incidents are of defence interest,

I look forward to hearing from you in the near future (SAE enclosed),

Dear Sir,

In 1952 I was stationed in the Far East with the RAF at a particularly large and important base, and during one fine summers day with not a cloud in sight, nor any aircraft about, or balloons or flares, suddenly and in full view of everyone on the base, we were deliberately buzzed by a large flying disc which glowed red on the trailing edge as it made several passes over our basin which housed our Vampire and Meteor aircraft, and it also glowed silver in the middle, and it made a loud buzzing sound as it shot about. The disc was in the area for about three minutes before it shot straight up to the zenith at a speed our radar chaps estimated to be about 600 knots.

We were told not to write home about it, or to talk about it to outsiders, but we were all aware that we had seen something of great importance, and since then I have been studying intelligent reports, and I am convinced that governments are aware that these things are not coming from outer space, other galaxies either, but somewhere else, another place, and if you read the book "Clear Intent" published by Prentice-Hall, which is total documentary, 250 pages of declassified Top Secret documents from a whole host of US Agencies, about UFO activity, CIA, FBI, NSA, NORAD, SAC, OSI, CIC, DIA, NPIC, ATIC, etc, and with gracious consent from H.M. Government MOD and the RAF, the landing of a UFO in Rendlesham Forest/RAF Bentwaters which is owned by MOD and leased out to the US Air Force, on December 30th 1980.

I trust you are still not putting out the same old reply to public interest on UFO matters, in that you only investigate UFO reports to establish if there is a threat to National Defence, and if there is no threat, that is the end of the matter. We do not investigate whether UFOs exist, or what causes them.

So let me ask you who decides in the MOD there is no danger to our defences, and how do you investigate it?

Yours sincerely

Dear Sir,

I am compiling a full report on a sighting of two very large Ufos, which were seen, by what I estimate to have been hundreds of people, in Plymouth alone. These Ufos made successive passes over the city between the hours of 10.30pm and 2.00am on the evening of the 4/5th of August.

These two objects had been seen 30 minutes earlier flying at great height, over Exeter in a NE to SW direction. They were tracked on radar by Air Traffic Control at Exeter and by people in the town.

I know that in the past the authorities have refused to release any information (with some notable exceptions) but this was such a significant event, that I sincerely hope that you will be able to help me with some details, if you would be so kind.

A feature of the incident that I am finding hard to clarify, is the height at which the objects were flying and their size. While flying over Plymouth, the witnesses here (myself included) felt that they were at a height of something between  $\frac{1}{2}$  and a  $\frac{1}{2}$  a mile, and apparently the size of a jumbo jet. However the two delta shaped objects were seen at the same time in the Plymouth direction, from Bude on the north coast, a distance of 40 miles away. The Bude sighting was by an RAF wartime navigator, who states that he has never seen anything like them in all his years associated with planes and flying. I should think we can take the word of a wartime RAF man, eh?

So would it be possible for you to give me any information regarding the height, size and speed with which you tracked these objects?

Were any aircraft sent up to investigate these Ufos?

If not, what criteria do you use for deciding whether to investigate unknown aircraft entering our air-space?

And following that what do you suggest I say to all these people, who ask me what is the RAF doing about these things?

Believe me this was a very impressive "display" by a very impressive unknown flying aircraft, of which three sets of photographs were taken that I know of, and as I was writing this I have just had a phone call from further along the Devon coast of a lot of Ufo activity in the last two weeks. Helicopters being seen the following day circling the area, where Ufo was seen. I don't know what you may know, but I have a strong feeling that this Ufo activity will be increasing in the future. This is after an 18 month lull in Ufo activity over the Plymouth area. Any ideas on this?

I assure you that any information would be treated in the strictest confidence, if requested,

yours faithfully

W/SB: Have you any reports for 4/5 August? If so, please may I have details.

GC (NEW): Have you any comments regarding air ops in this area during 4/5 Aug? Did we see anything unusual on these days? Apparently RAF G. Mangon & Portreath did not.

Telecons will suffice.

A. Conversation Section 40  
of 24 Aug 87

You mentioned at reference A that you occasionally receive correspondence from members of the public asking for information on possible UFO sightings and related topics. In order to avoid duplication of work and to provide a single focal point for the public we agreed that all correspondence on UFOs should be forwarded to us for answer. Would you now please accept this as formal confirmation of this proposal and arrange for all future letters to be sent to Sec(AS). I would also be grateful for any background information that you may have to go with any correspondence that you receive.

Dear Section 40

I wonder could you help me with some information? My colleagues and I at the British UFO Research Association have recently been inundated with UFO reports from several different parts of Britain but all on or around the same date.

The areas in question are: London, Derby, Burnley (Lancashire) and Batley in West Yorkshire. London and Derby especially had a great number of UFO reports on Saturday 15th of August on Sunday 16th of August. What I would like to know is does your department have any UFO reports for these or any other areas on or around the above dates. I would also ask you to check to see if there was any military activity in these areas that might account for the unusual observation.

Any assistance you can give over this matter would be greatly appreciated and a prompt reply would not go amiss either.

I look forward to you reply, untill then I am,

3. He also referred to NSA, CIA, DIA.

4. He made repeated remarks about a "Whitehall cover-up" and public was not being given facts about UFOs.

5. He said that "Reports go<sup>to</sup> the West country for investigation".

6. He mentioned that anyone going into a Police Station and reporting a sighting of UFO - this information is sent on to MOD.

7. He also made reference to "F19 STEALTH aircraft" and said there were about ?15 (am not really sure of number he gave) aircraft in this country and this information was classified TOP SECRET - ROYAL(?) (It sounded like 'Royal')

# OBSERVER

And now ... if you've read enough about the election, here's news from another world

## Close encounters of an alien kind

BODIES of four 'aliens' from a crashed UFO (unidentified flying object) were recovered and examined by a special American Government team 40 years ago, according to a top-secret 'document' obtained by a British researcher.

A bitter debate is now likely to develop among UFO experts over the existence of a mysterious committee, code-named Majestic-12, which is supposed to have examined the aliens.

The highly classified briefing paper claims that the then head of the CIA, Admiral Roscoe Hillenkoetter, reported that 'although these creatures are human-like in appearance, the biological and evolutionary processes responsible for their development have apparently been quite different from those observed or postulated in *homo sapiens*.'

The document, which has been shown to *The Observer* by Timothy Good, Britain's leading UFO researcher, purports to be a briefing paper for President-elect Eisenhower on Operation Majestic-12, also known as MJ-12.

In his book, 'Above Top Secret: The Worldwide UFO Cover-up,' to be published by Sidgwick & Jackson on 9 July, Mr Good claims that MJ-12 was a committee of senior US officials which investigated and then covered

up news of flying saucer crashes.

Other UFO experts believe the story could be a hoax involving the planting of a fake supporting White House memo in the files of Air Force Intelligence and then getting the National Archives officially to declassify a 'forged document.'

The Eisenhower briefing paper, dated 18 November, 1952, claims the MJ-12 committee had been set up by his predecessor, President Truman, on 24 September, 1947, as a 'top secret research and development/intelligence operation responsible directly and only to the President of the United States.'

The document reports that on 24 June 1947, 'disc-shaped aircraft' were sighted in the United States.

'Little was learned about the objects until a local rancher reported that one had crashed in a remote region of New Mexico, about 75 miles north-west of Roswell Army Air Base (now Walker Field).

'On 7 July 1947, a secret operation was begun to assure recovery of the wreckage of this object for scientific study. During the course of this operation, aerial reconnaissance discovered that four small human-like beings had apparently ejected from the craft at some point before it exploded. These had fallen to earth about two miles east of the wreckage site.'

by MARTIN BAILEY

According to the briefing paper: 'All four were dead and badly decomposed due to action by predators and exposure to the elements during the approximately one week of time which had elapsed before their discovery.'

'A covert analytical effort resulted in a preliminary consensus (19 September 1947) that the disc was most likely a short-range reconnaissance craft ...

The Majestic-12 Group remains of the unanimous opinion that imposition of the strictest security precautions should continue without interruption into the new Administration.'

Inquiries by *The Observer* at the National Archives, the archives of former Presidents Truman and Eisenhower, and the National Security Council archives, have been unable to authenticate the briefing paper. They all say that extensive searches have failed to locate copies of the document.

There is, however, new evidence from the files of US Intelligence that a secret group called MJ-12 did exist. This is a White House memorandum to General Twining informing him about an 'MJ-12' briefing for President Eisenhower. It was declassified on 12 January 1987.

The White House memorandum was described by the National

Archives last week as 'a very strange document.'

Archivist Joanna Williamson said: 'It was found in the files of the US Air Force's Director of Intelligence and is certainly genuine, but we have found no minutes of the MJ-12 meeting, which was scheduled for just two days later. It is very surprising that there are no other papers on MJ-12, and we have no idea what it was.'

If the White House memorandum is genuine, this proves the existence of an MJ-12 group whose responsibility could have covered UFOs. This would then strengthen Mr Good's view that there was a cover-up of the discovery of dead aliens. However, US UFO writer Mr Bary Greenwood has raised an intriguing question suggesting that there could have been a very sophisticated fraud.

'There are some things that look wrong with the White House memo. For example, it is unsigned. It is just possible that it was manufactured by someone wanting to prove the existence of MJ-12 and then inserted into Air Force Intelligence records which had recently been opened up to the public.'

'The hoaxer could then have ordered a copy from the National Archives which would carry the official declassification stamp. MJ-12 may well have existed but more research is needed to authenticate the documents,' he said.

WARNING: This is a TOP SECRET - EYES ONLY document containing compartmentalized information essential to the national security of the United States. EYES ONLY ACCESS to the material herein is strictly limited to those possessing Majestic-12 clearance

ejected from the craft at some point before it exploded. These had fallen to earth about two miles east of the wreckage site. All four were dead and badly decomposed due to action by predators and exposure to the elements during the approximately one week time period which had elapsed before their discovery. A special scientific team took charge of removing these bodies for study. (See Attachment "C.") The wreckage

TO: DEFENCE PERSONNEL DI-55

SUBJECT: MAJESTIC TWELVE (MJ12)

7th June 1987

SOURCE: THE OBSERVER - Sunday 31st May 1987

Dear Sir/Madam,

We have been informed that this department (DI-55) deals with UFO reports and similar type of phenomena.

We viewed the enclosed article with great interest and perhaps feel you may have some knowledge of MJ12. If this is the case, then perhaps you could supply information on this very unusual matter. We feel it is in the public's interest that all UFO related material should be released, thus PROJECT ORION considers the Observer report unique in respect of what MAJESTIC TWELVE represents.

If the Observer report is to be believed, then the world's most powerful government, has indeed recovered an alien craft containing ultra advanced technology.

We are currently running checks with various military departments regarding the existence of British interest in respect of MAJESTIC TWELVE.

I look forward to receiving your reply in the near future.

Yours faithfully

MESSAGE FROM GOOLE SUB

SIGHTING OF UFO

\*\*\*\*\*

ABOUT 0140HRS ON TUESDAY 24TH FEBRUARY 1987, Section 40 WAS DRIVING HIS TAXI ALONG THE A18 EAST BOUND TOWARDS SCUNTHORPE. WITH AT THE TIME WAS A 16 YEAR OLD NEIGHBOUR AND THREE FRIENDS FROM SCUNTHORPE. ASV THE VEHICLE APPROACHED PILFREY BRIDGE, Section 40 BECAME AWARE OF A STATIONARY OBJECT IN THE SKY TO HIS RIGHT. THE OBJECT RESEMBLED AN AIR BALLOON IN THE SHAPE OF A SAUSAGE. AND HAD THREE SEPARATE FLASHING RED LIGHTS IN A HORIZONTAL LINE. THERE WAS A CONSTANT GREEN LIGHT TO THE LEFT OF THE RED LIGHTS AND WHAT APPEARED TO BE A CLUSTER OF BRIGHT WHITE LIGHTS ON THE UNDERSIDE OF THE OBJECT BENEATH THE RED LIGHTS.

Section 40 CONTINUED TO SCUNTHORPE WHERE HE LEFT HIS THREE FRIENDS AND RETURNED TO CROWLE VIA THE SAME ROUTE, WITH Section 40 HIS ONLY PASSENGER.

AS HE APPROACHED THE SAME LOCATION, PILFREY BRIDGE, HE SAW THE OBJECT IN THE SAME POSITION. Section 40 CONTINUED FOR ABOUT ONE MILE AND PULLED INTO THE LAYBY JUST BEFORE CROWLE CROSSROADS. WHERE THE TWO OF THEM GOT OUT OF THE CAR TO VIEW THE OBJECT. AT THIS TIME THE OBJECT WAS JUST ABOVE TREE LEVEL AND SLOWLY RISING, AND THE ONLY NOISE THAT COULD BE HEARD WAS A LOW HUMMING SOUND.

THE TWO OF THEM GOT BACK INTO THE VEHICLE AND AS THEY PULLED OFF THE OBJECT QUICKLY FLEW PAST THEM TOWARDS CROWLE BRICKYARD. A DISTANCE OF ABOUT A MILE AND HALF WHICH WAS COVERED IN A COUPLE OF SECONDS. FROM THAT POSITION Section 40 COULD SEE THAT THE OBJECT WAS ROUGHLY THE SAME SIZE AS A SINGLE DECKER BUS. AND SAW IT CIRCLE ROUND TOWARDS STUBLEYS FARM ON THE SOUTH SIDE OF THE A18 AND INTO THE WOODS.

Section 40 WENT HOME AND THEN RETURNED TO THE CANAL BRIDGE ON THE A161 NEAR TO CROWLE CROSSROADS. WITH HIS BINOCULARS. FROM THERE HE SAW THE OBJECT TRAVEL TOWARDS SANDTOFT AND DISSAPEAR FROM VIEW.

Section 40 STATES THAT HE SAW THE OBJECT ABOUT ONE MONTH AGO NEAR THE A18 AT TUDMARSH CORNER. ABOUT 1930HRS, WHEN THE OBJECT APPEARED TO FOLLOW HIM FOR A SHORT DISTANCE BEFORE DISAPPEARING.
